

Reflection

Understanding the Topic (Sustainable Living)

- Why is recycling important for the environment?

It is important for the environment because it helps animals not to be killed.

- What can you do at home or in school to reduce waste?

Make new thing out of plastic botte.

Reflection on Writing

- What did you enjoy most about writing your autobiography?

I enjoy "being" the plastic bottle.

- What was difficult for you when writing?

It was difficult when I had to spell words that I do not know.

- Why is it important to imagine how things "feel" in a story?

It is important to "feel" in a story because I have to use the three RS.

Character and Citizenship (CCE)

- What is one action you will start doing after this lesson?

I will use the three RS.

- How can you encourage others to recycle or reuse?

I will tell them to recycle or reuse.

Reflection

Understanding the Topic (Sustainable Living)

- Why is recycling important for the environment?

if not the environment will be like a trash bin

- What can you do at home or in school to reduce waste?

When I use paper, I will fill it up with drawings on both sides.

Reflection on Writing

- What did you enjoy most about writing your autobiography?

I enjoyed writing to tell the people to recycle.

- What was difficult for you when writing?

I find teaching them about how to recycle a little difficult.

- Why is it important to imagine how things "feel" in a story?

So that people can "feel" how sad they are and will recycle the things.

Character and Citizenship (CCE)

- What is one action you will start doing after this lesson?

I will try to recycle, Reduce and Reuse.

- How can you encourage others to recycle or reuse?

I will remind them and teach them how to recycle

Reflection

Understanding the Topic (Sustainable Living)

- Why is recycling important for the environment?

Recycling is important because the earth will be very hot if we do not.

- What can you do at home or in school to reduce waste?

I can turn the tap off when I brush my teeth and water the plants with water used to wash rice.

Reflection on Writing

- What did you enjoy most about writing your autobiography?

I enjoyed "being" a plastic bottle.

- What was difficult for you when writing?

It was difficult to use Similes.

- Why is it important to imagine how things "feel" in a story?

So that the story is interesting.

Character and Citizenship (CCE)

- What is one action you will start doing after this lesson?

I will start recycling.

- How can you encourage others to recycle or reuse?

I will encourage others by putting up posters.

Understanding the Topic (Sustainable Living)

- Why is recycling important for the environment?

Recycling is important because if we do not recycle, our future will have lots of rubbish.

- What can you do at home or in school to reduce waste?

I can make useful things using my waste.

Reflection on Writing

- What did you enjoy most about writing your autobiography?

I enjoyed writing the part where the plastic bottle gets recycled.

- What was difficult for you when writing?

I + was difficult when I had to think about what was made from plastic.

- Why is it important to imagine how things "feel" in a story?

It is important to imagine how things "feel" as we need to put ourselves in the things' shoes.

Character and Citizenship (CCE)

- What is one action you will start doing after this lesson?

I will reuse, reduce and recycle.

- How can you encourage others to recycle or reuse?

I can put up posters.

Reflection

Understanding the Topic (Sustainable Living)

- Why is recycling important for the environment?

It is because if we don't recycle, it may cause climate change and more.

- What can you do at home or in school to reduce waste?

I can write posters to show friends and recycle things that can be recycled.

Reflection on Writing

- What did you enjoy most about writing your autobiography?

I enjoy being the bottle.

- What was difficult for you when writing?

It was difficult for me to spell some words.

- Why is it important to imagine how things "feel" in a story?

It is because without feelings you don't know what the character does.

Character and Citizenship (CCE)

- What is one action you will start doing after this lesson?

I will use the 3R's.

- How can you encourage others to recycle or reuse?

I can draw posters.

February 2026

Reflection

Understanding the Topic (Sustainable Living)

- Why is recycling important for the environment?

It is important because if everybody throw their waste,

- What can you do at home or in school to reduce waste?

Singapore will be a dustbin and will also cause air and water pollution or more.
I will buy as much as I can eat to reduce food waste.

Reflection on Writing

- What did you enjoy most about writing your autobiography?

I enjoy pretending to be the waste but not being thrown away.

- What was difficult for you when writing?

It was a little bit difficult to get good ideas but I was able to solve this problem.

- Why is it important to imagine how things "feel" in a story?

It is important because everyone have to how will it feel.

Character and Citizenship (CCE)

- What is one action you will start doing after this lesson?

I will start practising the 3Rs more often after this lesson.

- How can you encourage others to recycle or reuse?

I will make a poster and tell everyone to practise the 3Rs.
